or simply click on the image

Here you will find more about us and our services. Feel free to ask questions from the form on this page. We will be happy to answer.

This is a personal Web Site dedicated to Car Design passion. It can be found on:

<http://www.zfdesign.net/cars>

This is the third rebuild for this Web Site in 2005 presenting eight Car Design projects. Earlier design screenshots can be found here below.

Here is a Web Site for a freelance designer that can be viewed on:

<http://www.zfdesign.net/HDesign>

This is a Graphic Design Web Site designed by ZFDESIGN LTD. Including complete web presentation and use of HTML, CSS, Perl and JavaScript.

ZFDESIGN LTD. 6 Companies House Reg. No. 6312914, London, <http://www.zfdesign.net>

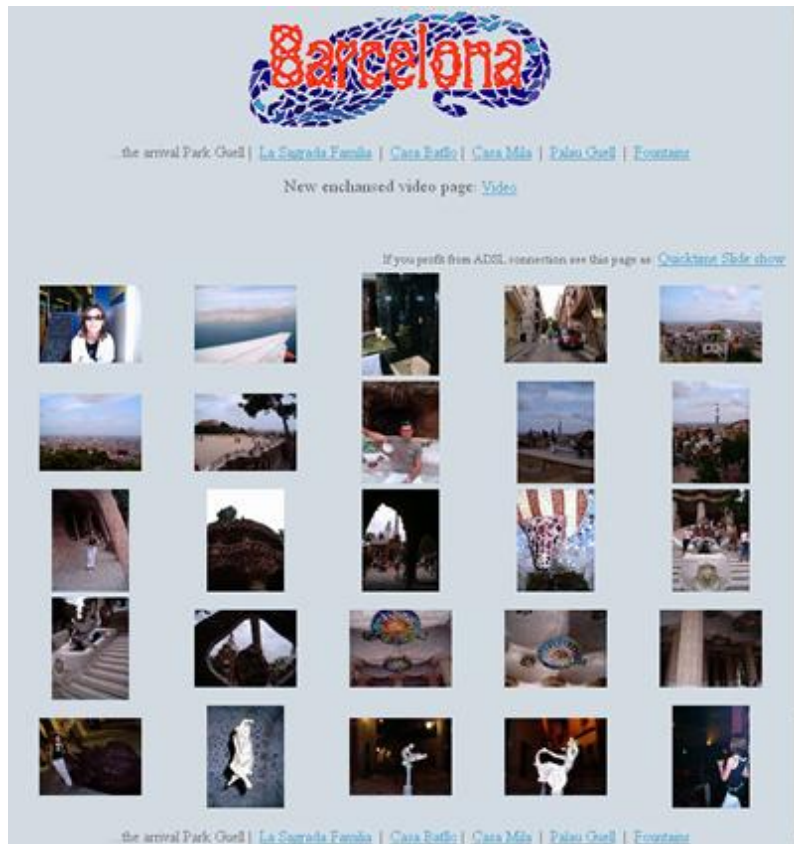

This document may even be regarded as Zlatin Ivanov's Personal Web Portfolio as all the materials here are his personal works of complete web sites, logos and templates.

ZFDESIGN LTD.

Please find Atanasov Ltd. Web Site here:

<http://www.zfdesign.net/AtanasovLtd>

There is a Building Contractors Web Site designed by ZFDESIGN LTD. Including complete Web Presentation in XHTML, CSS, Perl Script and Logo design. Some JavaScript elements will be added in near future.

This Personal Web Site resides at :
<http://www.zfdesign.net/Barcelona>

It has been build by ZFDESIGN LTD. In 2003 to present personal photographs, movie clips and slide show embedded multimedia on a Web Page, Logo creation.

Showing the amazing architectural work of Antonio Gaudí in Barcelona, Spain.

ZFDESIGN LTD.

Here is a Web Site template for a Loft Conversion London Company at:

<http://www.zfdesign.net/LoftMen>

Build by ZFDESIGN LTD. as agreed between the two companies but did not complete. It is a shame to have been abandoned - a good example of a Flash based content presentation backed up by an HTML version in case no Flash Plug-in is found. So consider this a Flash Web Site template.

This is a small private Web Site to promote a holiday home. Browse it at:

<http://www.zfdesign.net/CasaRemi>

Here you will find some JavaScript, Perl based on HTML and CSS layout and logo by ZFDESIGN LTD.

This Web Site is a personal passion. Have a look at:

<http://www.zfdesign.net/Myfiesta>

Build by ZFDESIGN LTD. W3C validated HTML and CSS design.

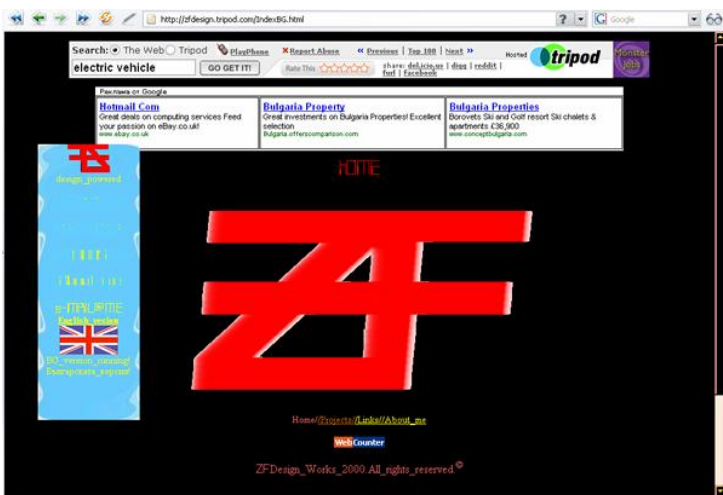

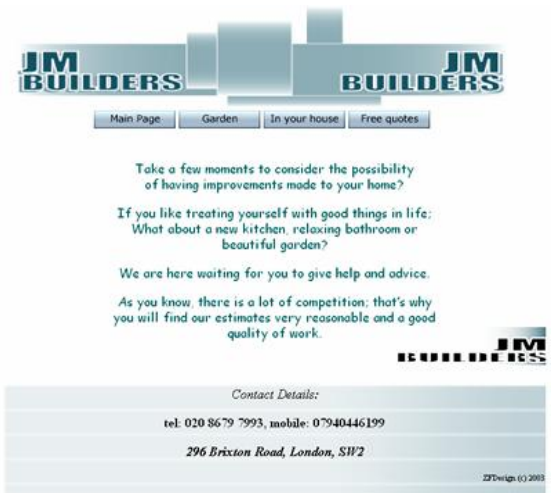

ZFDESIGN LTD.

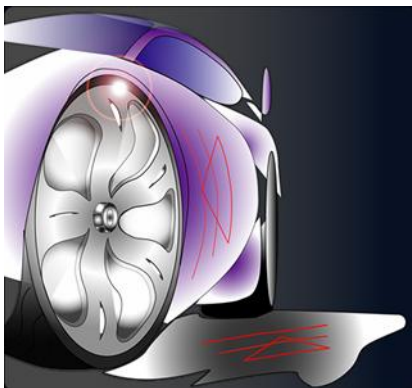

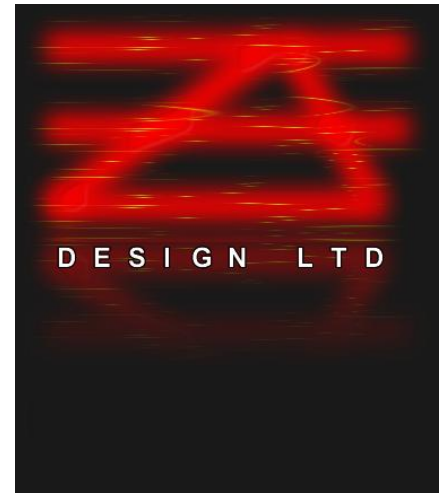

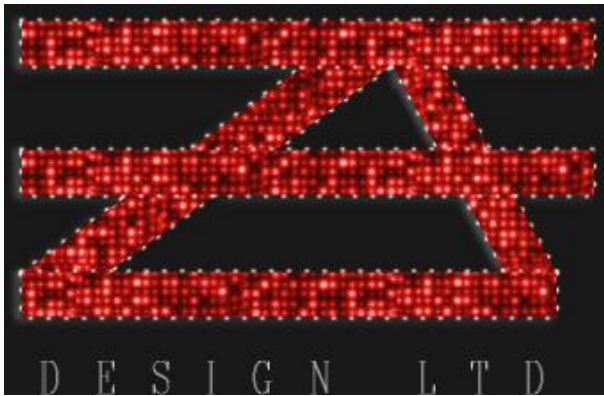

A screenshot of a template in the early stages of a Web Site development. Layout and navigation for a project mentioned here above.

Here is a Web Site Template where Flash navigation is used to navigate through this site.

Here is the first Car Design Web Site with loads of elements and JavaScripts from year 2000 still hosted somewhere on the net. Feel free to find it.

ZFDESIGN LTD.

ZFDESIGN LTD.

A template build in the early stages of a Web Site mentioned here above. Layout and navigation only, no content.
